ImagineTooth Decay

not frogs

gone by 2099

HOW we will achieve  
this  
and

WHAT WE WILL DO  
to make this a reality  
is not quite clear yet

But the  
WHY  
is very  
CLEAR

TOOTH DECAY  
is  
PREVENTABLE

ENDING TOOTH DECAY  
COULD BE  
**THE BIGGEST**  
ACCOMPLISHMENT  
OF THE 21<sup>st</sup> CENTURY

# WHAT WE CURRENTLY DO

AND HOW WELL WE DO IT

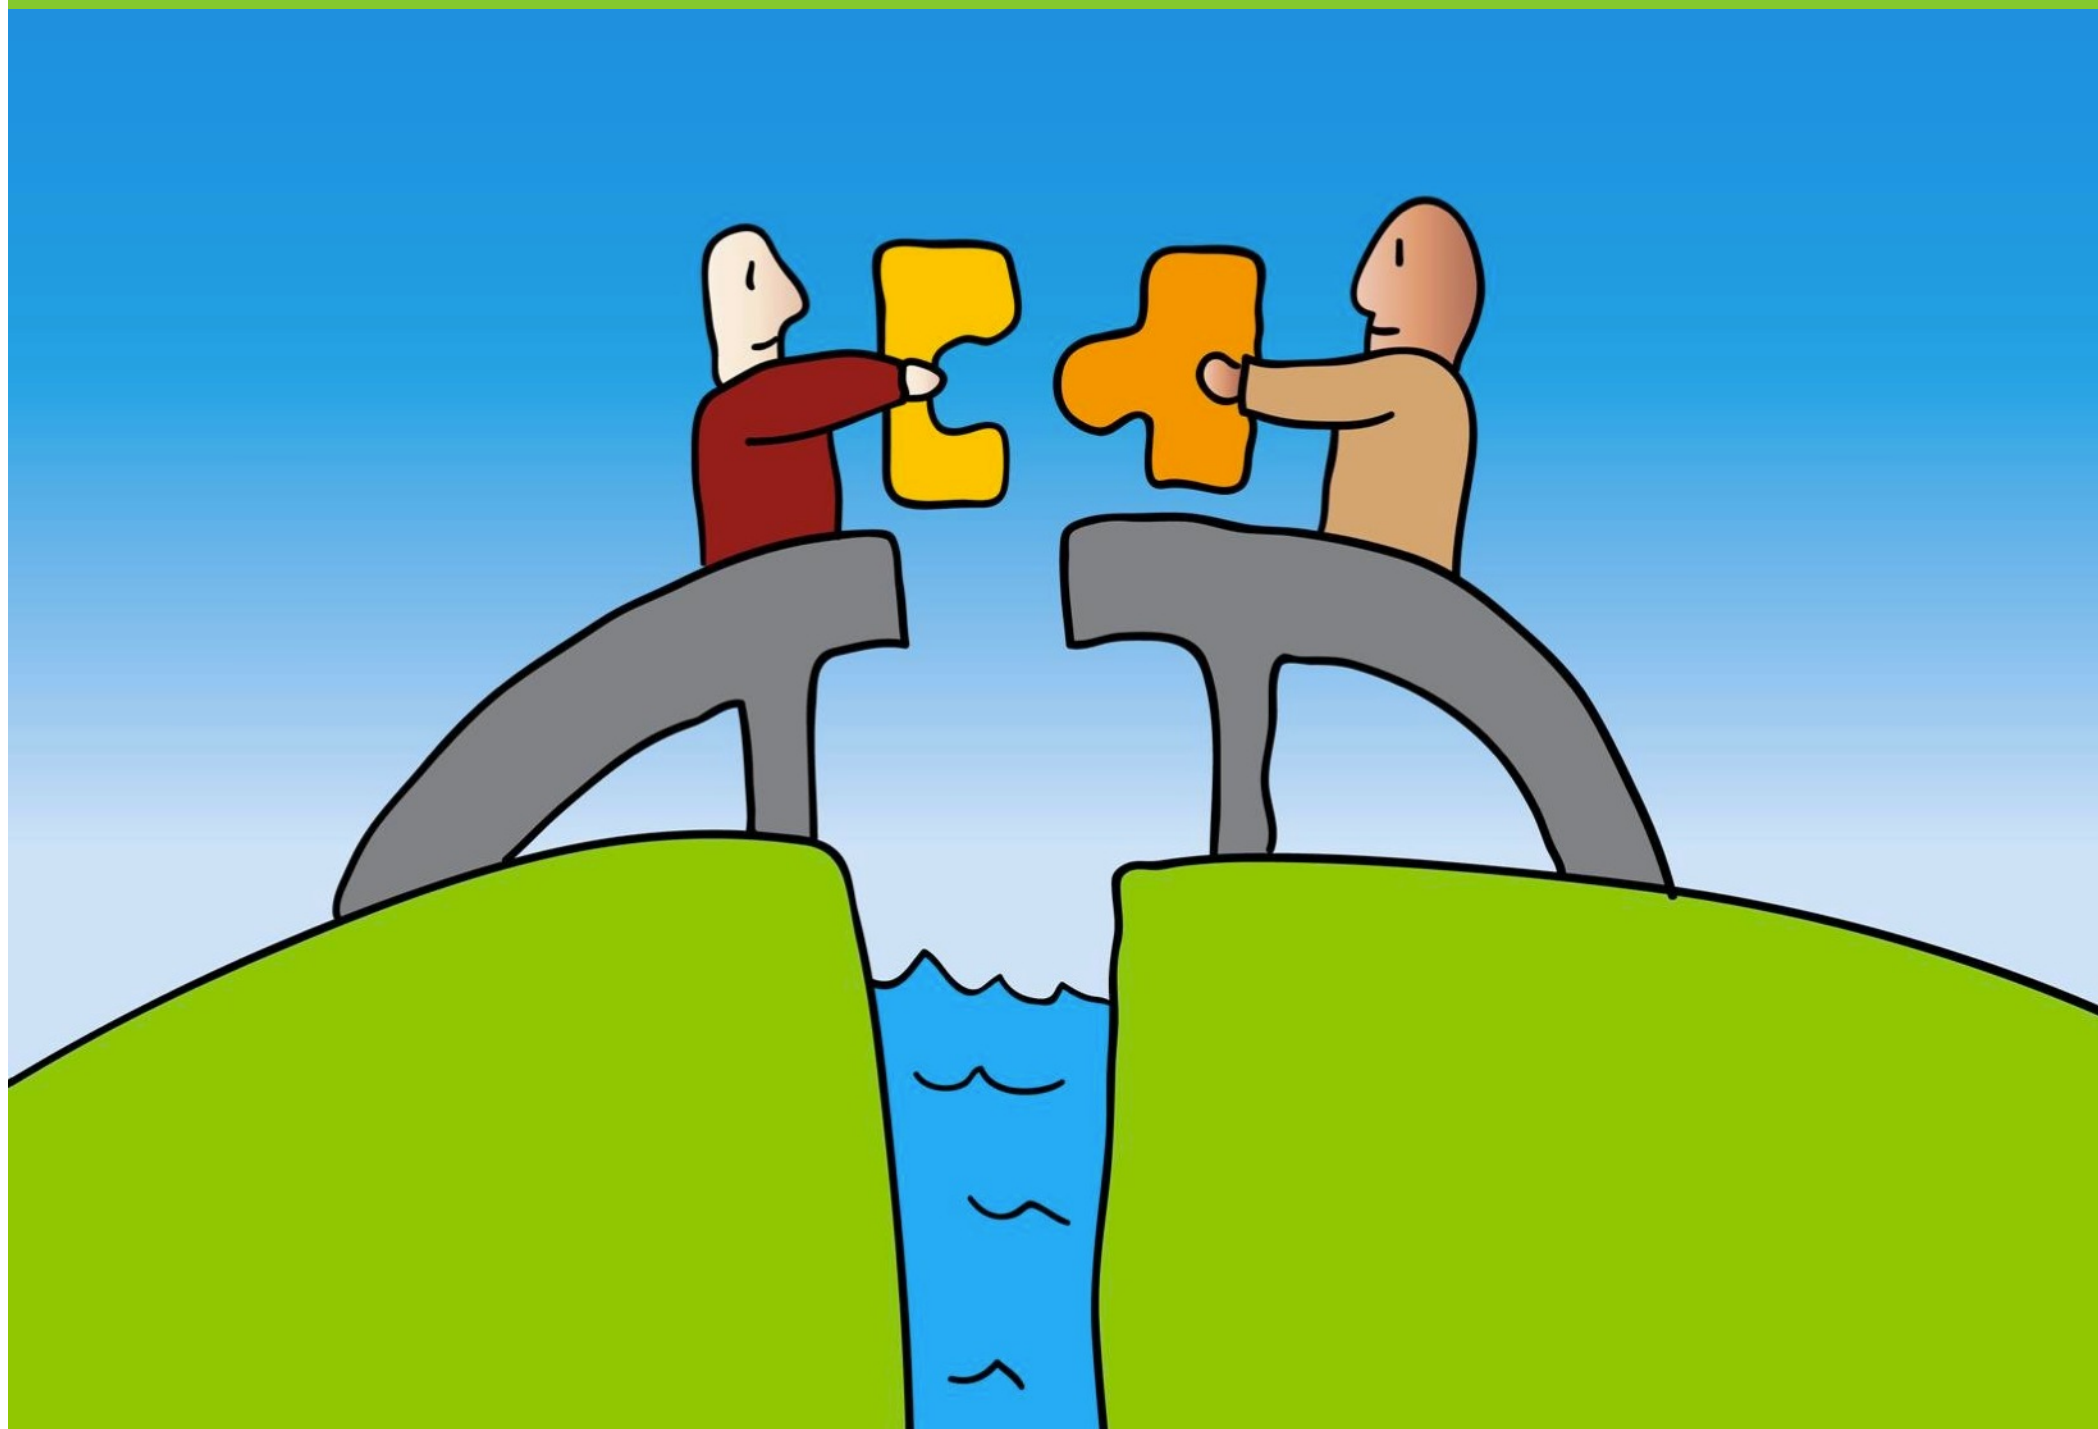

DOES NOT  
CURE  
DECAY

...and bridge the gap
